

EMERGENCY BULB KIT

This handy case of spare bulbs and fuses is ideal for replacing blown bulbs or fuses when touring or in an emergency at night. **N.B. It is law that you carry spare bulbs and a first aid kit in Europe.**

B-KIT bulb kit **£8.00**

HEADLIGHT BULBS

60 W BLUE BULB: The blue bulb emits a blueish light making for greater visibility and safer riding.

60% BULB: This bulb is a road legal 60 watt but has a special gas that emits a 60% brighter light for the same wattage.

MISCELLANEOUS BULBS

D-BULB	Dash bulb	£2.40
DI-BULB	Dash Indicator bulb	£2.00
I -BULB	21W indicator bulb	£0.60

DIGITAL GEAR INDICATOR

Datatools' Digi gear indicator is perhaps one of the most useful accessories you can fit to the FJR1300. This little gadget saves all that fruitless prodding of the gear lever looking for a non-existent 6th gear.

The gear indicator is waterproof and dims during night time riding to avoid glare. You can mount it anywhere using the supplied velcro fixing or even flush mount it into your dash.

DIGI-GEAR Digital gear indicator **£75.00**

S/S BAR END WEIGHTS

These high quality **stainless steel** bar end weights simply bolt on in place of the painted steel o/e weights. (Whilst stocks last)*

We now supply heavyweight chromed stainless steel bar end weights that are designed to dampen down vibrations that are felt through the bars. These are available for a bargain price of £14.00 per pair.

FJR-EW SPECIAL OFFER End weights* **£14**

FJR-HDEW Heavy duty end weights **£14**

FJR1300 MIRRORS (01-05)

Original equipment mirrors are expensive and cost around £55.00 each. Pattern mirrors for the 2001-2005 models are now available for £23.00 each. They are very well made and look virtually identical to O/E. We also can supply wider mirrors that allow much better rear vision over the standard mirrors. They are good quality pattern mirrors that fit identically to the o/e mirrors. **n.b. The best quality mirrors are still Yamaha o/e**

FJR-MIR Pattern mirrors **£46.00 pair**

FJR-EX-MIR Extended mirrors **£46.00 pair**

If your riding is mainly two-up or fully laden with luggage these mirrors will be a boon. Easily fitted in about 15 minutes. All that is required is removal of the top fairing inner panels to gain access to the mirror mounting nuts.
