

## Original Equipment Brake Discs

**Important: FIT NEW DISC PADS WHEN FITTING NEW DISCS**

Available for all FJR1300 models. These are Original Equipment (o/e) front and rear disc brakes. If your FJR has reached 40000 miles or more or has been heavily thrashed the standard brake discs may now be in need of replacement. Please note these are original fitment and it is recommended that you replace the pads when fitting new discs to optimise performance and longevity. **When fitting new discs it is imperative that the mating surface between the new disc and the wheel is scrupulously clean and any corrosion is cleaned off before the disc is fitted. Failure to observe this will result in the discs warping. This applies to all discs. O/E or aftermarket.**

<b>OEF01-DISC</b>	o/e Front Discs ( 01-02 pair)	<b>£384.00</b>
<b>OEF03-DISC</b>	o/e Front Discs (03>pair)	<b>£260.00</b>
<b>OER-Disc</b>	o/e Rear Disc (all)	<b>£145.00</b>

## ARMSTRONG WAVY BRAKE DISCS

These superb quality, replacement wavy disc brakes are available for the early FJR1300 (2001-2002) that have, the now odd size, 298 mm discs as standard.

Armstrong Street discs are available in wavy floating front for the FJR1300, optimising performance with a more efficient area of pad contact compared to standard round discs. They are laser cut from premium Japanese induction hardened stainless steel, diamond ground for the perfect finish, these discs not only look great but also offer lighter weight over the standard o/e discs.

They are available for **£260.00** per pair.  
Rear is available for **£89.00**

Front discs fit Yamaha FJR1300 2001-2002 models **only**.

Rear fits **all** models

Armstrong Wavy Disc Front  
**ARM -WAVY-DF £260.00 (pair)**  
Armstrong Wavy Disc Rear  
**ARM-WAVY-DR £89.00**
